## Re-Registration for 2017-2018 School Year

Your children will be coming home this week with a packet of information regarding tuition and busing for the 2017-2018 School Year. Take a moment to review each of the forms. Be sure to return the parishioner verification and transportation forms by next Monday, February 13<sup>th</sup>. If you have any questions, please call the school office.

Last week you should have received an email welcoming you to our new online enrollment process. Completion of the online enrollment process secures a seat for your child(ren). This new way of registering your children for 2017-2018 is being administered by the company TADS.

You should have received a separate email for each child who will be attending SDSC. This email was sent from [support@tads.com](mailto:support@tads.com). It included a brief overview of the registration process and a link unique to your child's information for enrollment, including related payment due and grade level for 2017-2018 school year.

Re-Registration fees are applied to each student registered and are due at the time of re-registration. *A reduced Re-Registration fee rate is being offered to those students who are registered by **February 28, 2017**. You must complete this process by this date to receive the reduced re-registration rate (after this date the re-registration fee is \$100). In addition, we cannot guarantee a seat for your child if you do not complete the process and pay the related charge(s) by that date.*

Please note that if you have previously used TADS for Admissions or Financial Aid, you will be asked to log into TADS with the account you created at that time. If not, then you need to create an account. You must use the link in each email you receive in order to see the correct information for the 2017-2018 school year. Payments are to be made per student. Thank you for your commitment to Catholic education and for continuing to trust SDSC with the education and growth of your children!

## Weekly Work on i-Ready at Home

As I explained during Back to School Night – *and as the teachers have explained to the students* – we at SDSC are working hard to assist our students in achieving their potential in both Math and Reading. We purchased **i-Ready**, an online individualized program for each student. **We need your help as parents to help your children!**

To further deepen their learning, your children are to use *i-Ready* at home. They just need a computer, internet access, Adobe Flash Player, and the login information below. To check if your system meets **i-Ready** system requirements, please visit [www.i-ready.com/support](http://www.i-ready.com/support) and run the system check.

**PLEASE NOTE:** Every student is expected to work on **i-Ready** at home each week for a minimum of **30 minutes (Gr. K-3)** and **45 minutes (Gr. 4-8)** in both Math and Reading. If for some reason they do not complete this minimum requirement at home, they will be expected to stay after school each week to complete it.
