### Safe Environment Lessons – Thursday, September 13<sup>th</sup>

Our Catholic tradition has always affirmed the dignity of the human person as created to the image and likeness of God. Every person with whom we come in contact deserves to be seen by us with the eyes of God. We know that ministry with children and youth, in particular, is a sacred trust. We, at St. Denis-St. Columba School, are committed to preserve, at all times and in all places, this sacred trust which is rooted in our faith in Jesus Christ.

In 2002, the United States Bishops approved “The Charter for the Protection of Children and Young People” in an effort to protect children and youth from sexual abuse at all levels of church life and to restore trust in a Church scarred by the scandal of clergy sexual abuse. Article 12 of the charter directs all dioceses to create programs and processes to teach children and youth about sexual abuse and its prevention. In the Archdiocese of New York, this training is integrated into the religious education program each year in all schools and parishes.

On Thursday, September 13<sup>th</sup> our students will be engaged in Safe Environment lessons with their homeroom teachers. In Grades K-3 the objectives taught include helping our students distinguish the difference between good and bad touch and affirming their right to say no to an adult who makes them feel uncomfortable. In Grades 4-6 the objectives include helping our students recognize the lures used by those who sexually victimize children and giving them strategies to keep them from being tricked into uncomfortable and dangerous situations. In Grades 7-8 the objectives include helping our students recognize lures used by those who sexually victimize others via the anonymity of the Internet and giving them skills to avoid being victimized by Internet sexual predators.

We thank you for your support and interest as we partner to give our children the safest possible environment to grow in faith, in our parish, school and in our homes.
